

Overview

A finance lease is a medium term rental agreement usually (3-5 years) whereby the Bank buys the assets your business needs and as owner leases them to you over a given period. At the end of the lease period you can either extend the lease by paying a small annual rental or buy the asset outright in a seamless process, from a Leased Assets Disposal Company (which will have acquired the asset from the bank). Finance leases are only available to business customers and allow businesses to show the value of the asset on their balance sheet.

Features and Benefits

- Minimum loan amount €10,000
- 10% deposit/equity required
- Payments can be structured to fit with your cash flow needs
