Information for SMEs in or facing financial difficulty

Many businesses throughout Ireland can face numerous challenges from time to time which can put financial pressure on the day to day operations of a business.

In some cases this can mean cash flow difficulties and where the business has loans or credit facilities, arrears can sometimes arise.

This booklet sets out details of PTSB's framework for assisting SME customers who are currently having difficulties making their repayments or, for those customers who anticipate that they may have difficulties in the future. This framework forms a part of our obligations under the Central Bank of Ireland (Supervision and Enforcement) Act 2013 (Section 48) (Lending to Small and Medium-Sized Enterprises) Regulations 2015.

Helping SME Customers in or facing Financial Difficulties

1. Contact us as early as possible if you anticipate that your business may be facing financial difficulties which may impact on your ability to meet financial commitments to PTSB.
2. You will be offered a review meeting to discuss the financial position of your business with a view to agreeing a solution to the arrears / financial difficulty situation. Before the meeting we will ask you to provide up to date business information. We will also designate a point of contact for you and will confirm these details to you.
3. If you fall into arrears, and you remain so for 15 business days after the arrears first arose, we will promptly (a) contact you to confirm that you are in arrears and, where possible, to identify the reason why you are in arrears, and (b) based on the information available to us, assess whether your circumstances are such that you should be classified as being in or at risk of financial difficulty.
4. If you are being assessed for an alternative arrangement, we will undertake a full assessment, and may require up to date business information from you. We will complete this assessment within 15 business days, and where we do not, we will write to you to confirm the reason why, and an expected date of the outcome of this assessment.
5. Where a business enters financial difficulties, we will provide you with a designated point of contact. This will include the relevant contact details of that designated point of contact.
6. You may employ the services of a third party advisor to assist you in your discussions with PTSB, regardless if these discussions are face to face or in another medium.

7. If you are not satisfied with the outcome of the assessment you will have a right to appeal the decision within 22 business days of the receipt of our correspondence. Further information on making an appeal can be found on page 11 of this booklet.

We recommend those customers who are in or facing financial difficulty engage as early as possible with us so that we can jointly discuss and agree a potential solution.

Impact on Credit Rating

Your credit rating may be affected by arrears on your account. Where applicable, records for credit reference agencies or any other credit register, where permitted by contract or required by law, are updated when arrears arise on accounts. This may also have an impact on your ability to avail of additional credit products in the future.

Not Co-operating

It is essential that you co-operate with PTSB in relation to your arrears or financial difficulties. If you fail to co-operate with us, you will be classified as 'not co-operating', which may impact on our consideration for an alternative arrangement on any accounts you have with us, may impact on our consideration of exercising any existing legal or contractual rights we have to enforce security over borrowings, and where any security is realised, you will remain liable for any outstanding debt.
